

Building scheme:

Lutherstr. 15 / Geschw.-Scholl-Str.
in Lutherstadt Wittenberg

Notice to the planned building scheme:

1. The building, including all apartments and commercial area, is fitted with gas central heating and warm water.
2. Waste disposal for guest WCs in the restaurant is carried out by a built-in pump station (in cellar).
3. The outbuilding (commercial area) is fitted with a gas fired boiler for heating and warm water.
